NINE PITTSBURG STREET BUSINESS FIRMS PREPARE FOR CHANGE IN LOCATION

Fittings Will Take Place Between This Time and First of April.

SOME ARE COMPULSORY

Contract Is Let for Remodeling of Chetlin Building, to Be Occupied by Owner; Unusually Handsome Front for the New Bazaar Establishment.

Numerous shifts from place to place by Pittsburg street business concerns will take place between this time and April 1, no less than nine firms having under way preparations to change locations. Involved in the movement are the Bazaar store, Max Levine, A. M. Ficks, Watson & Good, William Chetlen, Alex. Chinn, the A. P. Tea company, the Royal Woolen Mills company and C. J. Packman.

Announcement was made today of award of the contract to A. C. Herwick for the remodeling of the former Silcox building, purchased last summer by William Chetlen and occupied by the grocery firm of Watson & Good. Mr. Chetlen, whose business, the People's Hardware store, is located in the corner room of the Newmyer opera house building, at Pittsburg and Peach streets, will move across the street into the remodeled building on or about April 1. The grocery concern will move to the room now occupied by C. J. Packman in the Cunningham building on South Pittsburg street and Mr. Packman will take possession of the room over the McCrory five and ten cent store.

About $8,000 will be expended by Mr. Chetlen in the remodeling of the place he will occupy. The front is to be extended to include the space given to the stairway leading to the apartments on the upper floors, access to which will be from the rear of the building when the changes are completed. A central entrance, with a large display window on each side, will take up the front space of 24 feet. A section of the front on Peach street wall will be removed and glass installed, this extending 24 feet from the corner. A buff brick column will support the corner. Some changes to the apartments will be necessitated by the removal of the stairway from the front.

When Mr. Chetlen vacates the corner room in the opera house building, Alex Chinn, owner of the building, will shift his store from the room next door to the corner one and the A. P. store will take possession of the vacated one. Who will occupy the A. & P. room is not determined. The property is owned by the Shusterformly company which last summer purchased the property extending from and including the Hoop meat market to the corner at North alley, a distance of 82 feet, and extending to the Pennsylvania railroad in the rear, 202 feet, the purchase being made for the purpose of providing for future extension to the rear.

A. M. Ficks, whose place, along with that of Max Levine, will be taken by the Bazaar store, cannot find a location here and will move to Uniontown. Levine will occupy the present Bazaar location.

Announcement already has been made that the Royal Woolen Mills company will move from Pittsburg street to the former jewelry store of the late A. W. Bishop. It is understood a chain shoe store will occupy the place vacated.

In the story published Thursday relative to the remodeling of the Kinsbursky building for the Bazaar stroe the name of the general contractor, A. C. Herwick, was omitted. Mr. Herwick planned the entire remodeling and is installing the new front. In connection therewith it is announced the entrance floor will be constructed of maroon tile, from the sidewalk to the doors, also that over the entrance will be a colored prism glass ornamental piece 14 feet long and four feet wide, bearing the name of the Bazaar firm in letters two feet high. It will be a work of art and the finest of its kind in the city. The "island" case that will occupy the center of the entrance will be constructed about the stairway leading to the apartments.

Union Labor Dues Ruled Not Taxable

Dues paid to a labor union can be deducted from the gross income in computing income taxes, according to a ruling made by M. E. Stickley, head of the division of internal revenue commissioner's office, Washington. The ruling says in part:

"In reply you are advised that in March, 1920, this office ruled that dues paid by an individual to an organized labor union are deductible as a business expense in computing the net income of such individual for income tax purposes.'

The action, confirming a decision of a year ago, will be news to many labor men who had not heard of this exemption. Dues in some of the unions run from $40 to $60 a year.

Concert Puts About $1,000 Into Fund For Playground Extension

Although it is not yet possible to determine what the receipts of the concert of the glee club of the Carnegie Institute of Technology, given last night at the high school for the benefit of the city's playgrounds, will amount to, a rough estimate by Mrs. H. H. Myers, general chairman of the playground movement, is that about $1,000 will be cleared. The concert was held under the auspices of the Woman's Culture club, which organization is back of the playground movement.

The big auditorium of the high school was packed. Many stood. The big glee club rendered various vocal numbers on a generous program and responded to many encores. The range of selections covered every kind of music.

A. B. Speer, of the class of '23, was the soloist and many encores were demanded of him. The blending in the ensemble numbers of the club was perfect. Following the completion of the program at the high school the singers were entertained at a dance held in their honor at Maccabee hall.

After the "P. G.'s" had been to the "front" and passed the initiation successfully they were ordered back to the "rest billets" and found "chow" prepared. Following the dinner the were talks by Charles E. Gibson, of Voiture No. 7, Pittsburg; and J. C. Donahey, head of Lafayette Post No. 61, The American Legion, Uniontown. T. W. WEST PENN MAKES REDUCTION OF 30 PER CENT IN RATES

Decrease Will Affect Minimum Monthly Bills of Large Power Consumers.

LIGHTING RATES THE SAME

No Increase Ever Made in Rates to Domestic and Commercial Consumers; New Rates, Effective March 1, Will Relieve Plants Now Closed.

By Associated Press.

HARRISBURG, Feb 25—The West Penn Power company operating in Western Pennsylvania, has filed notice with the Public Service commission of changes and decreases on its schedule of rates.

It was said at the local offices today that the decrease will apply only to large power consumers. It will not affect domestic and commercial consumers, nor will it reduce any of the lighting bills.

The reduction, it was pointed out, will reduce the minimum monthly bills of large power consumers about 30 per cent. In the case of many large consumers, who are forced to close their plants, the payment of the minimum bill is a burden and the cut will favor these concerns.

The lighting rates have never been increased, it was made clear, but on the other hand have been reduced several times, while power rates have been boosted.

The lower rates will become effective on March 1.

Hooper & Long's Stock Reducing Sale Big Success

The stock reducing campaign of Hooper & Long which comes to a close tomorrow evening is perhaps one of the most remarkable of the kind ever held in Fayette county in point of effectiveness of methods employed interest aroused and volume of business transacted

The success of the undertaking is to be attributed to the excellent advertising service of The Courier to the timeliness of the campaign and the fact that honest and reputation of an established firm, whose fair business methods were back of the campaign

No attempt was made to keep record of the number of people served but they numbered in the thousands On every day of the sale the store was crowded from the opening to the closing hour the service of a clerk being required to handle the throngs of buyers Messrs Hooper and Long were assisted in planning the advertising and general conduct of the campaign by Glen Boyd of Chicago

The results have been highly gratifying to Mr Hooper who said this morning "When we decided to hold this sale we spared nothing that would facilitate the movement of our stock We are convinced that buyers would realize the unusual character of the opportunity the we proposed to provide soon The hearty response given is ample proof that the public does appreciate and will buy a bargain provided that bargain is a dependable article that will render the service expected of it

"People are buying much more careful now than they did during the past four or five years They insist upon goods to as certain the quality Every sensible precaution which they did not exercise during the rush and with the result that they were frequently disappointed If articles are not reliable and serviceable the price no matter how low means nothing Buyers have discovered this and they are assisting materially in bringing about the right kind of an adjustment through their care in selection and their insistence that articles have the right quality

INFANT MORTALITY is something frightful We can hardly realize that of all the children born in civilized countries, twenty two per cent, or nearly one-quarter, die before they reach one year, thirty-seven per cent, or more than one third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine They are, in considerable quantities deadly poisons In any quantity, they stupefy, retard circulation and lead to congestions sickness death There can be no danger in the use of Castoria if it bears the signature of Chas H Fletcher as it contains no opiates or narcotics of any kind

RIGHTS OF CHILDREN; DUTIES OF PARENTS.

The higher percentages of attendance at the schools during the months of the present school year to date are direct evidence of a better enforcement of the compulsory attendance law and also a better understanding of its objects and purposes by those parents who have heretofore exhibited an attitude of indifference and in some instances open resistance.

Instead of adhering to the position earlier assumed that the state is exceeding its right when telling parents what shall or what shall not be done with respect to a child's attendance at school there is more general recognition of the fact that there is no desire to usurp the authority of parents but that the sole purpose of the law and the determination of those charged with its enforcement is to serve the best interests of the child in its equipment for the duties of citizenship.

This creates a circumstance in which the rights of the public and the state must have precedence over the rights of individuals when those individuals are parents of children of school age. In the matter of attendance at the public schools the law enjoins compliance as the duty of parents. The rights to be respected are the rights of the children to receive the benefits of the best education our public schools can provide.

NO NATIONALIZATION OF COAL.

The Calder bill for the federal regulation of the coal industry as stripped of certain provisions by the Senate committee becomes nothing more than a measure to authorize the Federal Trade Commission to exact from operators reports of the cost of mining coal. Even if it passes both houses of Congress in its present form which is doubtful and the measure becomes a law which is still more doubtful the most that will be accomplished by it will be to re-invest the trade commission with the authority it exercised for a period but was obliged to surrender under a decision of the Supreme Court of the District of Columbia in an action brought by the Maynard Coal company when denying the right of the commission to continue its inquisitions into the affairs of coal producing companies.

While the measure in its present form would not be serving any very more useful purpose than giving employment to an army of investigators and clerks it is worthy to note that the Senate committee has had the sound common sense to eliminate all those provisions which would have tended to restore and make effective the very much repudiated socialistic principle of nationalization of industry.

The Trip Through France, taken last night by the former service men had some thrills the real journey did not offer. If you could induce the voyageurs to take you into their confidence as to their experiences.

The Calder bill looks much less menacing to the coal industry since its passage through the de-horning process in the Senate committee room.

Store remodeling may not provide home facilities for the many seekers but it may be one of the means needed to start something in the home building line.

"Shrinkage" in the Frick Fortune

Pittsburg Gazette Times.

The reported shrinkage of 60 per cent in the value of the residuary estate of Henry C. Frick which is to go to educational and benevolent institutions probably is more apparent than real. It is worth considering though with respect to the fixity of values of other large fortunes, which consist mostly of securities. The popular estimate of John D. Rockefeller's wealth is $1,000,000,000 though his son and namesake declared the other day that it never had amounted to so much. But if the Rockefeller accumulations have shrunk in value comparably with the Frick residuary estate, "John D." could not command more than $400,000,000 in cash, which would bring him closer to the poor house than he has been for a long time. We will not, however, waste sympathy on one in this purely relative state of poverty. Nor would it be wise to conclude that Princeton University will realize only $6,000,000 from a source which seemed likely to yield $15,000,000.

If the Frick estate had to be converted into cash now it unquestionably would produce far less money than if it had been sold a few months ago. The daily stock exchange lists tell you so. But if the investments can be held intact for some months or years all that any beneficiaries have expected may be realized. As to intrinsic or income value of the estate as differentiated from market value it is questionable if it is not almost as great today as when Mr. Frick died. That is to say what is offered after conversion to provide for payment of taxes. More securities had to be sold for this purpose on a falling market than would have been necessary had the decline not come.

The fluctuations of market value of securities are not often taken into account by those to whom the accumulations of wealth are abhorrent. Yet they are a constant source of worry to business men and frequently seriously affect enterprises not even remotely related to direct investment. Not always is the possessor of a fortune tied up in stocks and bonds to be envied. The millionaire of today may be the pauper of tomorrow or vice versa so far as capital is concerned. It is the income that counts until the time comes for converting the property into cash. The Frick residuary beneficiaries may or may not be disappointed when they get their bequest.

WOMEN MEMBERS CORONER'S JURY EXPEDITE CASES

Continued from Page One.

that she and her husband had many domestic quarrels because she refused to allow him to approach her owing to a loathsome disease with which he suffered. The county detective testified to the veracity of the statement after consulting officials of the Brownsville hospital. Murphy declared that he had talked to White who before his death had taken the responsibility for the shooting, declaring it was all his fault.

"Well girls, what do you think of the White case?" was the question put to the feminine members by C. M. Fee, also a juror.

"I think he is not to blame and should be exonerated and discharged," quickly replied Miss Rebecca McDowell and from Mrs. Jennie Burd, wife of Harry L. Burd and Miss Alta Kerner, attache at the court house, came "So do I" and "Me too." It was then that the male members fell into line and that was [illegible].

Then the automobile case in which Mart Lavine figured was called to the attention of the jury.

"I don't believe the driver was to blame," interposed one of the women and the other two expressed a like sentiment and thus two of the most important of the cases were disposed of.

In the three remaining cases the evidence was such that it was necessary to hold two men for action by the grand jury and to declare that a third man, Albert Salvio, who was mysteriously shot on January 29 as he stepped from his home at Mount Sterling, had come to his death at the hands of an unknown assassin.

The jury recommended that John Shurilla be held for the murder of John Gregg near Perryopolis as the latter was taking money from his father's store at Wick Haven to a Perryopolis bank and the same action was taken in the shooting of Sylvester Williams, a Continental No. 2 negro, by Bennie Brown as the result of a drunken brawl on February 12.

As the result of the action of the coroner's jury Mr. White who has been in the Fayette County jail since January 10 will be released notwithstanding the fact that she had been held for a court trial by a local alderman.

The members of the jury were Miss Jennie Burd, Miss Rebecca McDowell, Miss Alta Kerner, former Sheriff P. A. Johns, Court Crier Charles M. Fee and J. S. Albright. Miss McDowell is a clerk in the controller's office and Miss Kerner occupies the same position in the recorder's office."

SWEEPING CHANGES IN N. G. P. UNDER REORGANIZATION

By Associated Press.

HARRISBURG, Feb. [illegible]—Reorganization of the new Pennsylvania National Guard in accordance with instructions from the War Department so that there will be at least a brigade of infantry and some of the organizations will become corps troops instead of part of the 28th Division, was announced Thursday night by Adjutant General Frank D. Beary in general orders from National Guard headquarters.

The division will consist of two infantry brigades of two regiments each, one artillery brigade of two regiments equipped with 75s, one engineer regiment, one medical regiment, division trains, air service, and special troops.

The 10th and 16th infantry regiments, both Western Pennsylvania commands will constitute one infantry brigade while the Third Philadelphia and Sixth Philadelphia and vicinity will be consolidated under the name of the Third and with the 13th Scranton and northeastern Pennsylvania constitute the other infantry brigade.

There are now three infantry brigades. The battalion headquarters and Company F, Eighth Infantry, Williamsport, and Company B, Eighth, Milton, are transferred to the 13th.

The remainder of the Eighth with headquarters at Harrisburg will be converted into cavalry and form the Second Cavalry. The First Cavalry will remain as it is. The cavalry will become corps troops. The First Infantry, Philadelphia, will be changed to engineers and constitute the divisional engineering regiment, while the First and Third Field Artillery, head[illegible] Pittsburg and Wilkes-Barre respectively, will constitute the Field Artillery brigade. The medical regiment, division trains, air service and special troops are to be organized and will be assigned when completed.

The Second Field Artillery, Philadelphia and the 18th Infantry, Pittsburg, which is to be converted to heavy artillery are detached from the division equipped with 75s. They will constitute a brigade of corps artillery.

BEGGING DURING UNEMPLOYMENT TO BE PROHIBITED

Mount Pleasant Police Plan Crusade Against House to House Practice.

HELP TO BE GIVEN IF NEEDED

Force Employed on New Rainey Project at Udell is Reduced; High School Students Plan to Give Play; New Yorkers Coming For Revival.

Special to The Courier.

MOUNT PLEASANT, Feb. 25.—For some time a large force of men has been at work at the new works being built by W. J. Rainey, near Udell. Saturday a number of men were laid off and yesterday 25 more.

With the first few days that some of the works were closed people were seen over town begging, with baskets and papers, etc. This will not be tolerated, the police say, and all persons caught begging will be arrested. If help is needed and application is made through the proper channels it will be given.

High School Play.

A play, "The Gold Bug," will be presented by high school students some time in March.

Baptist Revival News.

Preparations are under way for the evangelistic meetings that will begin in the First Baptist church on Wednesday, March 9, and close on Easter. The speaker will be Rev. Harold Strathearn of Johnson City, N. Y. He will be assisted by Mrs. Strathearn, who is a musician and soloist of note.

Toby Maker Suspends.

W. P. Lozier, the toby manufacturer, who for a number of years has had a factory on St. Clair street has closed his shop. This was done on account of the high price of tobacco and the heavy taxes. August Grosser, who closed his shop in the East End some time ago, has sold to the Jackson Brothers who have opened a shop at their home at Standard shaft.

MUSCULAR RHEUMATISM

Soreness, Stiffness, Lame Back.

QUICKLY RELIEVED!

Don't suffer another day from Muscular Rheumatism, Soreness, Stiffness or Lame Back! Go to your nearest druggist—today—and get a small inexpensive Jar of Lanolated Iodine Compound and apply it freely right on the sore, stiffened muscles, and see what quick relief it brings!

Lanolated Iodine soothes and heals the sore and inflamed muscles, tendons, and ligaments the very minute you put it on, for it rubs right in like a vanishing cream. Stops soreness, reduces swelling, and drives away the pain.

Most of us know the value of Iodine, as it has been used for many years for Strains, Sprains, Lameness and Swellings—but, ordinary Iodine always stains, irritates and very often blisters—while in Lanolated Iodine you have all the virtues of ordinary Iodine without the disagreeable features of staining or irritation.

Lanolated Iodine can be safely used wherever and whenever a soothing, pain-killing application is needed. Ask your doctor about this new Iodine preparation that rubs right in, without stain or irritation.

Any good druggist can supply you with Lanolated Iodine, which is cheaper than the old-fashioned kind, for it goes further and never loses its strength.—Adv.

Healthy Young Womanhood

THE tendency to constipation begins with girls as they approach maturity, and that is the very time the mother should watch that the important function of daily elimination is regular and normal.

Many thousands of mothers who have daughters will tell you they give only Dr. Caldwell's Syrup Pepsin. A teaspoonful is sufficient to relieve constipation and its commoner symptoms such as headache, bad breath, biliousness, loss of appetite and restless sleep.

Syrup Pepsin is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics, and a sixty-cent bottle is enough for many months. Eight million bottles were bought at drug stores last year, the largest sale of the kind in the world.

Dr. Caldwell's Syrup Pepsin has been on the market thirty years and there must be genuine merit behind it to develop so large and steady a sale. Buy a bottle today and you will quickly see why it is so popular.

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Ill. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

HAD SEVERE COUGH, PAINS IN CHEST, SIDE AFTER SICKNESS

Become Weak, Nervous, Lost Appetite and Weight. Her Druggist Told Her to Take Hypo-Cod.

FEELING LIKE A NEW PERSON NOW

"After suffering from a bad case of the flu I was left in a very weakened and nervous condition. My appetite had gone, I had pains in my side and chest, a severe cough and had lost considerable weight.

"My doctor told me to take Cod Liver Oil, but it made me sick. Then my druggist, Mr. Hite, recommend Earle's Hypo-Cod. Now I have regained my appetite, become stronger, pains in my side and chest have been relieved, cough has gone, nerves are steadier, and I have gained about 15 pounds in weight.

"Hypo-Cod I believe to be the best medicine for all of the above symptoms. I took about 10 bottles and feel like a new person. All my friends who haven't seen me for some time are surprised at the change in me. I attribute it all to Hypo-Cod. I have also used the Hypo-Cod Laxative Tablets and they are certainly wonderful. My husband has taken one bottle of Hypo-Cod and feels much better," declared Mrs. H. L. O'Brien, 1810 Cottage place, North Side, Pittsburg, Pa.

Everybody knows the danger of a lingering cough and chest soreness. It makes you pale, weak, nervous and irritable too and sleeping isn't easy when you cough all night, and your appetite is almost certain to become poor. That is why people take Earle's Hypo-Cod. It knocks out such troubles by quickly fortifying and strengthening the system. Soon as you do that away go cough, cold and minor after sickness ills like water off a duck's back. Hypo-Cod contains hypophosphites, soluable extractives of cod liver oil and peptones of cod liver, enhanced medically by combination with malt extract, wild cherry bark, extract and iron peptonate. It is a triumph of modern chemistry, powerful, palatable and easily assimilated by even the weakest stomach. With the exception of a few stores who have tonics of their own druggists are urging people to use this newer, more powerful tonic. Its cost is trifling compared with result.—Adv.

Working Hard Every Day Without Let-up, Wears You Out In Time.

SOMETIMES YOU NEED A TONIC

Pepto-Mangan Makes Rich, Red Blood and Lifts You Out of Bad-Health Ruts.

There are days when you feel downright sick. You think you couldn't feel any worse. Yet, as far as you know, there's nothing the matter with you. From the time you get up in the morning till you go to bed at night you are tired. You feel as though you'd like to sit down and do nothing. You look tired and pale and haggard. You get careless about your dress.

No wonder! Your blood is all clogged up with poison. Your power of resistance is at a low ebb. Your blood needs food. It needs the help that the vitalizing tonic, Pepto-Mangan, will give it. Instead of feeling exhausted and tired out for months, you will soon pick right up and feel well and strong again. And with good red blood you are able to fight off ailments.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form, and you can take one or the other and receive the same benefits.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the full name and be sure the full name, "Gude's Pepto-Mangan," is on the package.—Adv.

DIZZY—WRECKED HIS AUTOMOBILE

"Two years ago my stomach trouble got so bad that I was almost constantly filled with gas. This made me very dizzy at times. Last fall I was almost overcome by one of these dizzy spells while driving my car, and ran it into a telephone pole, badly wrecking the car. A friend recommended Mayr's Wonderful Remedy for my trouble. Since taking the first dose I have steadily improved, and feel better now than ever in my life." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Adv

Senreco

The double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—

VOCALION

RECORDS FOR MARCH

The great warm-hearted West is immortalized in the delightful song that John Charles Thomas presents as his latest Vocalion recording. "Out where the sun shines a little brighter and friendships are a little truer"—that is the West which Mr. Thomas, with sincere artistry, makes so real in this altogether different song. For your Easter morning, there is an exquisite duet recording of Qui est homo (Who Would Not Pity?) from Rossini's Stabat Mater, sung by May Peterson and Rita Fornia of the Metropolitan Opera Company. A fascinating array of popular tunes includes the "Afgar" song hit, "Why Don't You?" Ernest Ball's new ballad, "Mother of Pearl;" "All She'd Say Was Umh Huh;" and an irresistible fox-trot record of "Broadway Rose," played by Al Jocker's top-notch dance orchestra.

CASEY-LEGION CLASH; SOUTH HILLS AT HIGH

Tonight will mark the second of a city series of basketball games between the Casey club and the American Legion team and will also see the Connellsville high school take on South Hills High of Pittsburg on the gymnasium The Casey-Legion game will be played at the armory at 9 o clock

TOMORROW WILL SEE SCOTTDALE AT H. S.

Scottdale pompous from a rather successful season will descend on this city tomorrow night en masse The team will be accompanied by everybody of importance from the Mill Town and the Cokers are pulling for every supporter to turn out for the game. It is expected that the seating capacity of the gymnasium will be taxed tomorrow night as it never has been before

Scottdale in fact is rather sure the game is already won Coach Rupp has given the Coker team some stiff workouts this week and the game tomorrow evening will cap the climax of athletic relations between the two schools.

BOXING NOTES

Johnny Pollock, the Dawson slugger, would be a bigger sensation if he would only settle down and do some training Pollock has the makings of a very good battler and it is regrettable that he will not train more faithfully Had he heeded the advice of Duke Barry, Johnny would by this time be swapping punches with the leading scrappers in the game Pollock has a not to learn His victories were not brought about so much by his ability alone, but to the clever handling of Barry, who has the welfare of his protege at heart says Matchmaker Barry of the Fayette Athletic club

One of the largest delegations of fight fans to visit an out of town club's show, will leave here next Wednesday afternoon to see Tommy Ryan and Kid Williams, the former champion, do battle at McKeesport that night. The regulars will include Dom and Jack Haire, Frank and Harry Dudy, Tony Rendine, Bob King, Lindsey McFarland, Harry McDonald, Frank Tarr Smith Buttermore, Chip Francis 'Duke' Barry, Clarence Port, Monk Moser Bunny Nardini, and at least a dozen more In passing we should state, this same bunch of fight fans are regular patrons of the local club

* * * *

The Keystone A C of Pittsburg will open up again on March 5 The star bout is to be between Buck Crouse and Fay Kaiser, formerly of this burg This brings to mind that it was the local club which started Buck in his "come back" Incidently this was the card that the local club intended to use instead of Kid Jackson, but Kaiser was in New York at the time and could not get away Then again we have been reading frequently of Whitey Wenzel's bouts, who also started here. Give the local club credit for pulling big time stuff which the larger city only follows

* * * *

Th high school girls will go to Donora Saturday afternoon.

* * * *

We feel sorry for those girls if they can't get back Saturday evening in time to witness the big game between "their own" and Scottdale

* * * *

An undercurrent of baseball can be felt every now and then Some live wire Coke region managers have lines out to strengthen their outfits

DRESSY FROCK

A very unique way to introduce ruffles is the claim of this little frock of navy blue taffeta for it ties them on in apron effect. Ruffles and girdle sash are bound with white satin as a prettily contrasting finish. White Georgette, daintily embroidered and lace edged is the material used for collar and cuffs.

An Adventure Romance

By George Agnew Chamberlain

Copyright, The Bobbs-Merrill Company

There is no doubt that in five minutes more Mr. Gloom would have assumed full sway in the late apartment of Mr Robert H. Randolph had not a long procession of parcels begun to arrive in the nick of time Tomlinson brought them into the bedroom, one, two, three at a haul, and Pamela herself cut the knots with Mr Randolph's best nail-scissors and laid out the goods, filmy fold upon filmy fold

By the time Eileen turned up the apartment looked like the stateroom de lux of a millionaire young lady returning from Paris with nothing to wear and preparing to swear to it before all the customs officials in Gotham. Tomlinson was ordered to fill the cellar with wrapping paper, tissue-paper, cardboard boxes and string burning what was left over in the back yard

As soon as sufficient space had been cleared for action, the two girls set to work, and were soon involved in such an orgy of "trying on" as only the healthiest stamina of youth could have endured without falling over in a dead faint from exhaustion Even Eileen divested her person of everything but, and experimented with such dear garments as it seemed impossible Miss Thornton could get round to in the allotted time

Having tried to show the public how charming was Pamela in and without her cheap clothes, no puerile and gasping effort will be made in these pages to measure the effect upon her of the latest creations of the raiment dream-gods of Fifth avenue Suffice it to say that, in one hour's twinkling of the eye, she became such a radiant vision as chokes mere words down into the pit of a man's stomach, makes his jaw work like that of a fish on a hot sidewalk, fills his eyes with the pleading light of calf-love and inspires his hands with an overmastering desire to reach for it.

For two, four, six days, a week two weeks, Pamela lived in breathless anticipation of the moment when she could burst upon the eyesight of one Robert Hervey Randolph, and when all these days—and weeks—passed without any news of him, her lips that were made to smile to kiss and to bless the air with words softly spoken and carried on the fragrance of clean young breath began to droop pitifully

Mr Milyuns efforts in several directions had so far proved in vain He had advertised in every paper in Gotham from the New York Epoch to the pink Police Gazette, he had offered rewards, he had set traps and was now supporting a large corps of rapidly fattening individuals who called themselves "plain clothes" men—a name that would have fitted them admirably had the last syllable been omitted His net results were the information that Mr Randolph in a reprehensible state of intoxication and at seven o'clock of the morning of which he had disappeared, had exchanged his swell evening garments at a second-hand emporium on Sixth avenue for a suit of ducks and eighteen dollars in cash, stating as he left the place, that he was thinking of going South for the rest of the winter.

After a minute and leisurely study of all the exits from Manhattan the plain clothes men had given it as their united opinion that Mr Randolph had been speaking facetiously in his last-known remark and had probably not voyaged farther south than Canal street They said if he would only try to leave New York they could find him at once and settled down on a policy of watchful waiting for that event

The efforts made by Mr Milyuns in the direction of springing Miss Thornton on society went equally awry but were not quite so fruitless His natural love of a smooth running establishment on the slippery crust of Gotham's social plane would have been saved a severe bump if American parents were as careful to look up their guests' moral records as they are to study their ratings in Bradstreetum's

Unfortunately for Mr Milyuns it happened that a certain young scion of a once gentlemanly house was included in the first large dinner-box-party given to meet Miss Imogene Pamela Thornton In the natural course of such events the pasty youth stepped up for presentation registering in his protuberant eyes a gleam of dubious surprise What if he should say "Hello Vivienne" Would it create a sensation?

Something else did namely Miss Thornton's modulated but terribly clear voice

"I met Mr Beamer" said Pamela, drawing back quickly her half extended hand "when I was a chorus girl" She turned with a winning smile to her recently beaming hostess "I don't care to know him in pleasanter surroundings"

For one breathless second there threatened one of those silences that spell social disaster Eileen took it upon herself to mash it in its extreme youth with a soft tap of her efficient hammer

Lancaster Man Had Rheumatism in Back So Severe He Felt Like Hollering—Tanlac Ends Troubles and Gains 14 Pounds.

"I have gotten rid of an 11-year case of rheumatism by taking Tanlac and I don't remember the day when I felt better" said George W French 320 North Christian street Lancaster a valued employe of the Shank Contracting Co

"The rheumatism had me that's all there was to it and at times I couldn't keep from holloing out the pains were so severe My back ached something awful and many a morning it was impossible for me to stoop over and put my shoes on My legs hurt and my joints were so stiff sometimes I could not bend my knees at all and had to drag one foot after the other without trying to raise them

"To make matters worse my stomach got out of order and my appetite went back on me I had to give up eating all the things I liked best and as a result I went down considerably in weight I had awful cramps in my stomach and would bloat up so bad it nearly took my breath away My nerves kept me restless and in a strain all the time and as far as getting a good night's sleep was concerned I didn't know what it was

But this is not the case with me now I'm glad to say I gave Tanlac a trial and I have picked up 14 pounds in weight and the rheumatism is all gone At least I never feel a trace of it any more My stomach trouble is a thing of the past and I eat the very biggest kind of meal every day My nerves are as strong as steel and I sleep like a five year old boy I can handle any kind of work and can put in as long hours as the next fellow

THE SOISSON.

MARRIED LIFE – Mack Sennett's new five reel super comedy, featuring Ben Turpin Charles Conklin Louise Fazenda, Charles Murray and Ford Sterling, is being presented today and will also be the feature attraction tomorrow The comedy is one continuous scream of laughter The members of the cast are at their best in this mirthful melange of matrimonial mishaps Can a picture be funny and thrilling at the same time? Nine people out of ten will reply "no" and in the majority of cases they are right for it is the most difficult task in the making of motion pictures to inject a thrill in a purely comedy story particularly is this true when that comedy is a broad travesty on some serious subject But in Married Life this master of mirth making has attained the almost impossible, in this purely farcial offering he has injected one thrill after another and to make this feat doubly marvelous the thrills and comedy are so closely intertwined that the shivers up the spine are immediately dispelled by the laugh that follows Ben Turpin, he of the contrary eyes—leads the Sennett fun makers in the intermingling of laughs and thrills As Rodney St Clair the dashing hero he first turns the trick in one of the most realistic football scrimmages the screen has produced in a long time The performance is repeated later on in the hospital where he is inflated with gas and floats out of the window and still later when he and Jimmy Finlayson battle on the wings of an aeroplane many thousand feet above the surface of the earth

THE PARAMOUNT.

"THE LONE HAND" A five-reel gripping drama of western life and romance and the first episode of Fighting Fate, starring William Duncan and Edith Johnson are today's attractions When an outlaw capable of killing the father of the girl he loves to conceal his crime finds his proposal of marriage unwelcome, he is not apt to use half way measures to accomplish his purpose Roy Stewart, as a dead shot of the plains boldly protects the girl in a way which will thrill The Lone Hand audiences He slow to underestimate the foe Though his grin is immobile and his words without a use he may, singlehanded scatter an outlaw band after killing its chief save an angel of the cattle country from a fate worse than death and rid the state of a gang of outlaws who have long defied all law and authority That is what he does in The Lone Hand

Gold prospecting and mining in all its fascination and thrill and hardship is vividly shown in the first episode of "Fighting Fate" Every man woman and child who has ever had hopes of striking it rich and who has not—will be enthralled by the gold-hunting scenes which form part of a virile exciting narrative

THE CHALLENGE OF THE LAW

A vivid melodrama of the Canadian Northwest with William Russell in the leading role is today's feature attraction and will also be shown tomorrow. Russell heads as a Royal Mounted Policeman who is commissioned to put a stop to the activities of a band of fur smugglers. He arrests the leader of the band and sentences him to ten years imprisonment. The smuggler is rescued from jail by friends who murder the guard a subordinate of the captain. Ben [illegible] vengeance and upon [illegible] them [illegible] the captain pursues the party and the smuggler is into the desert. He [illegible] is halted by the daughter of the [illegible] [illegible] with whom he is in love. To [illegible] others she [illegible] the murder. The [illegible] [illegible] in [illegible] culminating in a happy termination of the story are handled most skillfully. The captain the girl and capture won. It's a rattling good picture clean and wholesome with plenty of good comedy and delightful love story. In fact, an ideal photoplay of the sort generally labelled Western. Helen Ferguson enacts the heroine with delightful charm and the rest of the cast is excellent.
